

Join Us For A Human Resources Panel Discussion

Hosted by: Green Bay Packers Mentor-Protégé Program & AFF Research

- Do you know the nuances of the Family Medical Leave Act?*
- How about Compliance, or mitigating the risk within one company?*
- When should you call a specialist if you do not have an HR department?*
- Does much of this sound confusing?*
- Perhaps you need to clarify just some aspects of these?*

Many of you have asked for a general HR session to address questions just like the above. Ask and you shall receive!

Human Resources: 101

We have a seasoned panel ready to answer your questions. There will be experienced HR folks, an insightful HR attorney, and a successful entrepreneur (one who has experience growing his staff) at your disposal.
