About Mental Health America of Middle Tennessee

Mental Health America of Middle Tennessee (formerly Mental Health Association of Middle Tennessee) was founded in 1946 and its mission is to connect the community with specialized mental health and wellness resources, provide services that improve the quality of life, and promote effective services where mental health needs exist. The agency believes that mental illness is real and treatable, that every life is worth saving, and that there is no health without mental health.

This Mental Health Academy seminar is part of MHAMT's educational outreach and exhibits our commitment to improving the quality of care for mental health consumers and advancing research-based knowledge and tools to professionals working with mental health consumers.

The First Annual Aging & Behavioral Health Symposium

June 10: Nashville

**FREE Registration
6 CEUs and Lunch Included**

Presented by

Understanding Aging and Behavioral Health:

Alzheimer's, healthcare decisions, and Medicare are the often topics associated with aging, but there are other taboos often not discussed among senior citizens – from substance use and co-occurring disorders to the fact that 70-year-old brains are different from 30-year-old brains. This symposium provides timely information from some of Tennessee's best speakers on topics you need in order to better serve aging babyboomers and senior citizens.

Conference Objectives

After completing the workshop, attendees will be able to:

- Discuss the prevalence of behavioral health issues among the aging babyboomer generation.
- Identify new medications for anxiety, depression, and Alzheimer's.
- Describe how the brain of a senior citizen differs from a young adult.
- Differentiate between types of conservatorship and describe when each is needed.
- Describe unique aspects of treating older adults for chemical dependency.

General Outline (6 hours of coursework):

8:00 a.m.	Registration
