About Mental Health America of Middle Tennessee

Mental Health America of Middle Tennessee (formerly Mental Health Association of Middle Tennessee) was founded in 1946 and its mission is to connect the community with specialized mental health and wellness resources, provide services that improve the quality of life, and promote effective services where mental health needs exist. The agency believes that mental illness is real and treatable, that every life is worth saving, and that there is no health without mental health.

This Mental Health Academy seminar is part of MHAMT's educational outreach and exhibits our commitment to improving the quality of care for mental health consumers and advancing research-based knowledge and tools to professionals working with mental health consumers.

Location

Trevecca Community Church
333 Murfreesboro Pike
