

7th Annual INCOSE Great Lakes Regional Conference

Leadership Through Systems Engineering

Aerospace | Commercial | Defense | Health Care | Manufacturing | Academia

- The 7th Annual INCOSE Great Lakes Regional Conference on Systems Engineering will be held at the Purdue Stewart Center, W. Lafayette, IN, on October 5-6, 2013.
- This is the key systems-focused networking and educational regional event for engineering practitioners, technologists, business leaders, educators, and students.
- Advancing the discipline and building a regional Systems Engineering Community, attendees are key practitioners and decision makers from the regional Systems Engineering Community, a target market for products, services, and partnerships.
- We are seeking sponsors and exhibitors to help underwrite the cost of this established event, also funded by attendance fees. In return, sponsors and exhibitors enjoy the benefits listed below.
- GLRC 2012 was attended by 87 people from 13 states, 50 companies and organizations, and 4 INCOSE chapters; <http://2012incoseregional.eventbrite.com/>
- Direct sponsorship inquiries to: glrc2013@easychair.org
