

## How to get to the hotel from the airport

On 20<sup>th</sup> November from 8 AM to midnight and on 21<sup>st</sup> November from 7 AM to 1 PM, there will be an organizer, with a HeERO sign, who will assist the participants.

### 1) By TAXI

On-demand taxi services are available at Bucharest Henri Coandă International Airport. **Do not let yourself accosted by pirate taxi drivers!** You can find two type of taxi terminals at both arrivals exit points of the airport (ground and 1st floor). Both terminals offer multi-language support. After placing the order, the taxi terminal gives you a ticket with the taxi company and the number of the taxi. The Taxi will then come on the first floor of the terminal.

#### a) F.O.R.T. - Yellow Taxi Terminal (Recommended)

On the terminals' screen the logos of different taxi companies can be seen. Usually there are around 20-30 cabs stationed at the airport, so they can get in front of the arrivals terminal in 3-4 minutes. They accept only cash payment and they have a unique fare (approximately 30 eurocents/km).

#### b) CLEVER TAXI - Yellow Taxi Terminals

1) In the left side of the screen, if you press the button "Order now", in the next step you will select the fare and the taxi terminal will search in all companies with that fare and send the closest cab to pick you up. In the right part of the screen, there are logos from selected companies, and if you press a button from one company, the taxi terminal will search the nearest cab from that company and send him to pick you up.

2) On the same taxi terminal, there are two companies (ELEGANCE and GRANT), that have more luxurious cars, but their fares are higher (approximately 70 eurocents/km). The drivers have POS on-board so you can pay the trip using a credit-card.

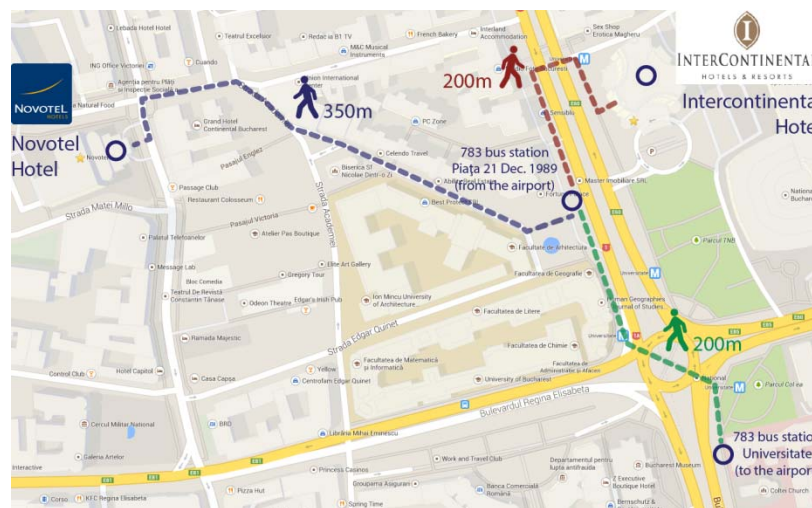

3) CLEVER TAXI also offers the third way of getting you from the airport to the hotel: your personal chauffeur. This service has a flat rate of 25 euros for one-way and 50 euros for two-way. After ordering an email and SMS are sent with detailed info about your assigned driver and a PIN Code for the order. When the user arrives at the airport on the scheduled date his personal driver will be waiting for him with a sign with the client's name written on it. When the user gets to his destination he will give the PIN Code to the driver and the full paid amount will be released.

**Keep in mind that 1 euro is approximately 4.5 RON and that there approx. 18 km from the airport to the center of the city. No Taxi company accepts payments in Euro.**

### 2) By Bus

You can take line 783 from the airport directly to the center of Bucharest from where you can reach your hotel after a 10 minute walk. Line 783 leaves the airport at intervals of 20 minutes from the ground floor of the terminal. You must buy a ticket before boarding the bus. A two-way ticket costs 7 RON. Do not forget to validate your ticket when boarding the bus. In the below map you can see where the bus stations are located in relation to the 2 hotels. Please note that when you are coming FROM the airport the station's name is **Piața 21 Decembrie 1989** and when you are going TO the airport, the station's name is **Universitate**.

## How to travel inside the city

### 1) By public transport

For any information regarding public transport and for route planning you can use this website:

[www.transporturban.ro](http://www.transporturban.ro) .

### 2) By Taxi

This is a free application available for Android and iOS for placing and order for a cab in just a few seconds. The application automatically detects your position and scans the surroundings for available cabs from different companies with various fares. At the same time, the name of the driver, fares, his reviews and other details can be seen before you accept him to pick you up. The companies that you can access through the application accept only cash payment. This application requires an account, so we recommend that you install it and make an account before arriving in Bucharest.
