ONEIA trial membership offer!

Join us for the 2014 Environment and Cleantech Business and Policy Forum on April 23 and save 50%!

Each year, the Ontario Environment Industry Association (ONEIA) brings hundreds of businesspeople and policy experts together for its annual Environment Industry Day (EID). This year, we are pleased to build on this foundation and add innovative investment and business content to present the Ontario Environment and Cleantech Business Forum.

This forum will bring together investment and business leaders, executives from Ontario's growing environment and cleantech sector, and senior government policy makers to share information, discuss common challenges and share opportunities for investment and growth.

This year, we are responding to considerable interest from nonmembers by offering a six-month trial membership in ONEIA and bundling it with the opportunity to purchase discounted tickets for the Forum. This is a one-time offer to allow companies to attend a signature event and try six months of ONEIA membership, after which time we will ask you to renew on an annual basis.

Join ONEIA for six months and save on the Business and Policy Forum!

Company size	Regular membership fee	Six-month trial	Buy up to three B&P Forum tickets at:
