

Skiing and Snowboarding Personal Items List

The weather may vary and Winter Place is at a higher altitude so it is critical to have warm clothing for your enjoyment on the slopes, so please make sure to wear the appropriate clothing as best you can! Remember that cotton once wet no longer retains its warmth. You will need to bring a daypack to put your items in for the ride and a garbage bag will be useful to put your skiing clothes in if they are wet. Contact us if you have any questions. There are lockers for rent to put your items in at the resort.

- Thermal/underwear top and bottoms
- Insulating top-long sleeve (fleece pullover etc)
- Insulating bottom/pants (fleece)
- Ski pants or bibs (a rain jacket and pants will work)
- Heavy coat or ski jacket
- Heavy wool or synthetic socks
- Ski gloves (insulated and waterproof gloves will work)
- Ski cap (fleece or wool)
- Neck gator optional (fleece tube that fits around the neck)

Other items that you will/may need:

- Sun glasses or Ski Goggles
- Lip balm / chap stick with sun block in it
- Camera (cheapo that may get broken-depends on how much you fall!)
- Spending money for food (lunch and dinner)
- Change of clothes for the ride home.
